- Non-handed for left or right sling screen doors
- Mounting holes 2-5/8 in. on center
- Black plastic construction with steel latch

- Secures door from accidental opening from weather or pets
- Mounting hardware included

**Description:** Overview This sliding screen door handle and latch is non-handed and used by many manufacturers of roll-formed aluminum or steel screen doors. The mounting holes for the handles are 2-5/8 in. on center. It contains an inside handle, outside handle and sliding steel latch. The latch slides up and down to engage a keeper such as Prime-Line parts A 148 or A 162.
