

## **FHC Black Plastic - Screen Door Latch And Pull Mortise Style (Single Pack)**

**Item No.** A151

### **Features, Advantages, and Benefits**

- Components of this latch and pull set are constructed of diecast components, and includes steel fasteners
- All components come in a beautiful, corrosion resistant, chrome plated finish

- Designed for use with sliding patio screen doors, with right hand directional sliding
- Features simple install and use design
- Easy to install with only a few simple tools

**Description:** Overview This sliding screen door handle and latch is non-handed, and is used by Jim Walters as well as a variety of other manufacturers of roll-formed aluminum or steel screen doors. It contains an inside and outside pull. The mounting holes for the handles is 3-9/16 in. on center. The steel T-bird shaped latch slides up and down to engage the keeper. Can be used with Prime-Line parts A 148 or A 162.
