Item No. B512

Features, Advantages, and Benefits

- Used on Columbia and Uni-Fit series doors
- 2-5/16 inch M-shaped tension spring
- 1 inch concave nylon roller
- Steel heat treated tension spring and nylon roller

- Easy to install

Description: Overview Are you having trouble sliding your screen door open or closed? Have you checked your rollers/roller assemblies? Don't replace the entire door. For a fraction of the cost of a new door, replace those worn-out rollers. This roller assembly with M-shaped tension spring with a 1 Inch diameter nylon roller is used by a variety of patio door manufacturers. The heat treated tension spring is 2-5/16 Inch long and shaped like an M, giving it the tension needed by the screen door to slide properly. Easy to install. Order yours today and have your door slide like new.
