

# **FHC Patio Door Surface With Clamp Latch - Mill Finish - Extruded Aluminum**

**Item No. C1077**

## **Features, Advantages, and Benefits**

- Inside handle is Mill finish extruded aluminum
- Outside handle is Mill finish extruded aluminum

- 4-15/16 in. mounting holes
- Non-handed
- Non-keyed (see Prime-Line part E 2070 to key this unit)

**Description:** Overview This mill finish patio door handle is a surface with clamp latch style. This clamp style handle is used by Lupton and Rolleze doors. It is mounted on the door's inside frame and the clamp latch latches onto an extrusion (astragal) on the jamb. The inside handle is extruded aluminum. The clamp has a 3/16 in. profile and a longer than normal 11/16 in. projection when in locked position. The outside handle is a mill finished low profile non-keyed handle. To key this unit order the Prime-Line part E 2070 lock cylinder.
