

FHC Patio Door Surface With Clamp Latch - Black - Extruded Aluminum

Item No. C1078

Features, Advantages, and Benefits

- Inside handle is black extruded aluminum
- Outside handle is black extruded aluminum
- 4-15/16 in. mounting holes
- Non-handed

- Non-keyed (see Prime-Line part E 2071 to key this unit)

Description: Overview This black patio door handle is a surface with clamp latch style. This clamp style handle is used by Lupton and Rolleze doors. It is mounted on the door's inside frame and the clamp latch latches onto an extrusion (astragal) on the jamb. The inside handle is extruded aluminum. The clamp has a 3/16 in. profile and a longer than normal 11/16 in. projection when in locked position. The outside handle is a black low profile non-keyed handle. To key this unit order the Prime-Line part E 2071 lock cylinder.
