- Extruded outside aluminum and diecast exterior handle, white

- This is a non-keyed unit. To make it keyed, use Prime-Line part E 2000
- Mounting hardware included

Description: OverviewThis patio door handle comes with a white extruded aluminum inside handle, lever and a white diecast outside handle. It is reversible for right or left-handed doors. The stamped steel lever with plastic thumb button will operate most mortise latches installed into the patio door (see Prime-Line parts E 2008, E 2009, E 2014, and E 2111). This is non-keyed, but can be keyed by installing the Prime-Line part E 2000 lock cylinder into the outside handle. Used by a variety of patio door manufacturers.
