

FHC Sliding Glass Door Handle Set - White Diecast - Mortise/Hook Style - Fits 3-15/16" Hole Spacing (1 Set)

Item No. C1204

Features, Advantages, and Benefits

- **REPLACE OLD OR BROKEN DOOR HANDLES** - When your door handle is broken, old or unsightly, don't replace the door entirely, just get a new Prime-Line sliding

glass door handle set! This door handle is a mortise/hook style.

- **INCLUDES** - (1) Standard reversible surface mount for left or right-handed mortise-locking sliding glass doors. This handle fits 3-15/16" hole spacing and only works with mortise hook style door handles.
- **EASY INSTALLATION** - New door handles are well within reach! The handle set is non-handed, allowing it to be used on both left and right-handed patio sliding doors using 3-15/16" mounting hole centers. Note: only designed to fit 1" to 1-1/2" thick doors.
- **NON-HANDED CONSTRUCTION** - The non-handed construction means that you can use this door handle set on both left and right-handed patio sliding doors.
- **COMPLEMENTS YOUR WHITE SLIDING PATIO DOOR** - This mortise hook style door handle is constructed of white painted diecast materials with a light-stained wooden handle, making it the perfect choice for your white sliding door.

Description: Overview If your sliding glass door handle is old, damaged or missing, don't get a brand-new door - just replace the door handle! This Prime-Line C 1204 sliding glass door handle set makes the DIY project a breeze. Installation is quick and easy, all fasteners necessary are included, and the set is non-handed, allowing it to be used on both left and right-handed patio sliding doors. It is a mortise/hook style and fits 3-15/16 inch hole spacing. The door handle set is constructed of white painted diecast materials with a light stained wood handle, perfect for your white sliding door. The outside pull of this handle set can be converted to an outside locking pull using Prime-Line's model numbers E-2144, C-1041 or C-1139. *Product Selection Tip: Besides matching the style and type of locking mechanism, the other main specification to match is the measurement of the mounting hole centers, from center-2-center. Note: Due to numerous compatible options, the internal mortise lock body is not included with this item and must be purchased separately. See sample item; Prime-Line's model # E 2014. Be sure to view the manufacturer's How-To Installation Video also linked to this page, in the upper left-hand corner.
