

FHC Mortise Style Sliding Patio Door Handle Set - White Diecast - Non-Keyed (Fits 3-15/16" Hole Spacing)

Item No. C1225

Features, Advantages, and Benefits

- **REPLACE OLD OR BROKEN DOOR HANDLES** - When your door handle is broken, old or unsightly, don't replace the door entirely, just get a new mortise style

Prime-Line C 1225 Sliding Patio Door Handle Set.

- INCLUDES - (1) Standard reversible, non-handed handle set that can be mounted on both left-hand and right-handed sliding patio doors. This handle fits on doors that range from 1-1/2" to 1-3/4" thick. Mounting hole centers are 3-15/16".
- EASY INSTALLATION - Installation is quick and easy - new patio door handles are well within reach! All fasteners necessary are included. The handle set is non-keyed, but a lock can be added.
- NON-KEYED - The exterior diecast pull comes non-keyed. Prime-Line Products does manufacture other components that can convert this set to a keyed-locking handle set.
- COMPLEMENTS YOUR WHITE SLIDING PATIO DOOR - This mortise hook style door handle is constructed of white painted diecast materials, making it the perfect choice for your white sliding door. For thick doors order E 2576 latch lever.
- For Outside Keying, use **Item No. [C1120](#)**

Description: OverviewIf your sliding patio door handle is old, damaged or missing, don't get a brand new door - just replace the door handle! This C 1225 sliding patio Door handle set makes the DIY project a breeze, and it includes an inside pull with an outside non-locking pull. Installation is quick and easy, all fasteners necessary are included, and the set is non-handed, allowing it to be used on both left and right-handed patio sliding doors. It is a mortise style and fits 3-15/16" hole spacing. The door handle set is constructed of white painted diecast materials, perfect for your white sliding patio door. Because there are multiple internal mortise locks that are compatible with this handle set, a mortise lock component is not included with this handle set. Although the C 1225 sliding patio Door handle set comes non-keyed, Prime-Line Products does manufacture other components that can convert this set to a keyed-locking handle set.
