Description: Overview This patio door handle set comes with matching inside and outside bronze handles. It is reversible for right or left-handed doors. It is used by a variety of patio door manufacturers. The bronze diecast lever operates most mortise latches installed in the door. This is non-keyed but can be keyed by installing the Prime-Line part E 2194 cylinder housing onto the outside handle or replace it with the Prime-Line part C 1139 keyed outside handle.
