

FHC Patio Door Mortise Style Handle - Black Diecast With Wood Handle - Outside Pull

Item No. C1313

Features, Advantages, and Benefits

- Black diecast steel body
- Hardwood handle

- 3-15/16 in. mounting holes
- Matching black outside diecast handle pull
- Non-keyed

Description: Overview This patio door handle set comes with an inside handle with a hardware pull and black diecast body. It is used by many patio door manufacturers. The black diecast lever operates most mortise latches installed in the door (see Prime-Line part E 2008, E 2009, E 2014 or E 2111). It comes with a matching outside handle. This is non-keyed. For keyed version see Prime-Line part C 1314. For thick doors order Prime-Line part E 2576 latch lever.
