

FHC Commercial Door Deadbolt Lock Body - Anti-Jimmy Bolt - Fasteners Included

Item No. J4504

Features, Advantages, and Benefits

- Used on commercial pivoting or sliding aluminum and steel doors
- Single point deadbolt with secondary anti-jimmy expanding bolts

- Steel housing
- Replaces the W and F series 6000 or comparable locks
- All the necessary mounting hardware is included for a quick and easy installation

Description: Overview This is a door deadbolt used on commercial aluminum or steel doors. It is a single point lock with an anti-jimmy bolt with 2 pawls or secondary expanding bolts that come out of the bolt to insure a secure lock. This replaces the W and F series 6000 commercial deadbolt lock or similar. The cylinders are optional, see Prime-Line part J 4514 for keyed alike cylinders.
