- Stamped aluminum housing
- These have an easy push-in installation
- For best operation keep door rail clean

Description: Overview Are you having trouble sliding your screen door open or closed? Have you checked your rollers/roller assemblies? Don't replace the entire door. For a fraction of the cost of a new door, replace those worn-out rollers. This sliding screen door roller assembly fits onto the spring-loaded arm of a Columbia corner insert. The roller housing is stamped steel with a 1 Inch steel ball bearing roller installed. These rollers are a replacement roller for the discontinued Prime-Line parts B 650, B 651 and B 657 corner assemblies. Order yours today and have your door slide like new.
