

FHC Patio Door Surface With Hook Latch - Diecast Body - Wood Handle - Keeper

Item No. C1017

Features, Advantages, and Benefits

- Gray diecast handles
- Handle height is 1-1/4 in

- Inside handle grab is 7-15/16 in. tall
- 3-1/2 in. mounting holes
- Surface with hook latch style

Description: Overview This patio door handle is used on C and P doors. The inside handle is a gray diecast body with wood handle attached and the outside handle is also gray diecast. It has 3-1/2 in. mounting holes, is surface mounted and does not require any mortising. Although the Hook latch is not reversible, it will work facing up or down and can be used on either right or left-handed doors. The handle height from the door frame is 1-1/4 in. It is keyed. For the non-keyed version see Prime-Line part C 1016.
