

FHC Slim Line Sliding Window Sash Lock - Chrome Diecast (Single Pack)

Item No. F2531

Features, Advantages, and Benefits

- Corrosion Resistant Diecast Metal
- Designed for Use with Vertical Sliding Single and Double Hung Windows
- Features a Standard, Cam Locking Feature
- 2-1/4" Hole Centers

Description: <h2>Overview</h2><p>This slim line window sash lock is constructed of diecast metal and comes in a corrosion-resistant, chrome plated finish. This sash lock is designed to fit vertical sliding, single hung and double hung windows constructed of aluminum, vinyl and wood. The cam-action lock helps hold the window securely closed, and with its universal design it is compatible with windows built from a variety of manufacturers. The mounting holes are spaced apart at 2-1/4 in. on center, and they are set back from the edge with a 3/8 in. hole offset.</p>
