

FHC Aluminum Diecast - Left Hand - Casement Window Locking Handle (Single Pack)

Item No. H3541

Features, Advantages, and Benefits

- Diecast construction
- Aluminum finish

- 2-3/8 in. mounting holes
- Left handed (viewed from inside looking out)
- Fasteners included

Description: Overview This is a left-handed casement locking handle in a aluminum finish with 2-3/8 in. mounting holes. The handle is diecast construction with the handle sweeping slightly to the left. This allows a more comfortable grip to open to the left when there are dual casement windows with a center rail dividing them. For the matching right-hand casement locking handle see Prime-Line part H 3541.
