

## **FHC 3/8" Bronze Tee Handle Casement Operator (2-Pack)**

**Item No.** H3625

### **Features, Advantages, and Benefits**

- Used by a variety of casement operator manufacturers
- Used to replace existing handles that have 3/8 in. spindles
- Used to replace existing handle when it interferes with mini-blinds
- Diecast construction with bronze finish

- Tee handle design

**Description:** Overview This is a diecast tee handle that universally fits a variety of manufacturer's casement operators. The 3/8 in. bore fits most operators with a 3/8 in. spindle and held firmly in place with the supplied set screw. T-handle is bronze in color, and the design is often used to replace the normal crank handle when it interferes with window blinds.
