- Comes in a Polished White Bronze Finish
- Fits Onto a 3/4" Pole of Any Length with Included Mounting Hardware
- 1 Transom Latch Hook Per Package
- For Further Dimensional Information, Please See The Line Drawing

•
Description: Overview This is a transom latch hook that fits onto the end of a pole and opens or closes upper story transom or hopper windows. Made of cast white bronze, it fits onto a 3/4 in. diameter pole. The hook part grabs the ring on the transom catch and opens as it is pulled downward. To close, the projection below the hook is inserted into the transom catch ring and as it is pushed up, it locks it into place.
