**Description:** Overview This is a package of 2 heavy-duty storm or screen window hangers that is primarily used on wood framed storm or screen windows. It is made of heavy-duty stamped steel with a zinc finish. The smaller bracket for hanging the window onto, mounts onto the window frame while the larger hanger bracket fits onto the storm window or screen to be hung on the window opening. To secure the bottom portion of the storm or screen panel see Item No. K 5267.
