

FHC Commercial Storefront Board-Up Clip Secure Internal Applied

Item No. BUP34SF

Features, Advantages, and Benefits

- Do-it-Yourself Commercial Storefront Board-Up Clips Provide A Simple, Quick and Inexpensive Way to Secure Your Building Because of Broken or Missing Glass Without Drilling, Screws or Adhesives

- Designed to Protect Aluminum Cased Windows and Storefronts Which Are Recessed At Least 1-1/2"
- For the Required Commercial Security, These Reusable Clips Fit 3/4" Thick Plywood
- Rated for Wind Speeds Up to 150 Mph, they Will Help Protect Your Investment from Extreme Weather
- Included Instructions for Easy Installation, Removal and Clip Spacing
- Measure Width and Height Of Opening, Subtract 1/4" from Height and 1/2" from Width. This Leaves 1/8" On All Sides. Cut the Plywood, Slide On the Clips, Press Into the Opening and Tighten the Set Screw
- Non-Corrosive Aluminum Construction
