

## **FHC 7/8" - Nylon - Tub Enclosure Oval Edge Ball Bearing Roller (2-Pack)**

**Item No.** 1901B

### **Features, Advantages, and Benefits**

- Used by a variety of tub and shower door manufacturers
- Will fit most V-shaped tracks
- Threaded hex head hub
- Nylon ball bearing roller

- Easy to install
- Two #8-32 x 3/8 in. Phillips binder head machine screws included

**Description:** Overview This is a 3/4 in. tub and shower door nylon ball bearing roller with a flat edged wheel. It has a threaded hex head hub that uses an 8-32 x 3/8 in. long Philips binder head machine screw to fasten it to the door bracket. Used on a variety of different tub and shower top roller systems. If you require a larger roller use Prime-Line part M 6003 for 7/8 in. flat roller.
