

FHC Sliding Door Handle - Black With Wood Handle

Item No. C1260

Features, Advantages, and Benefits

- Diecast construction with wood handle
- Black painted finish
- Internal locking handle set with non-locking outside pull
- Features an automatic unlatching option to prevent accidental lockouts

Description: Overview This sliding door handle set is constructed of mixed materials (wood and diecast) and it is reversible for a left or right-handed door. The diecast comes finished in black paint with a light-stained wooden handle. This handle set is designed to fit 90% of all internally latched doors and comes complete with a keeper and non-locking outside pull. It features an automatic unlatching option to prevent accidental lockouts. Used by a variety of patio door manufacturers.
