

FHC Nickel Plated - High Security Deadbolt Strike (Single Pack)

Item No. E2292

Features, Advantages, and Benefits

- Constructed of durable stamped steel
- Comes in a beautiful, corrosion resistant, nickel plated finish
- Designed for use with deadbolt door locks on hinged swinging doors
- Features industry standard design features and includes all installation fasteners

- Easy to install with only a few simple tools

Description: Overview This deadbolt strike is constructed of heavy gauge stamped steel and comes in a satin nickel plated finish. It features a 3/4 in. x 1-1/16 in. opening that fits most entry door deadbolt hardware. Four 3 in. screws are provided with each plate to allow for a stronger hold, deep into the wall stud beneath the jamb. Use this strike and fasteners to help reinforce the most vulnerable area of entry door systems.
