

## **FHC Diecast Painted Aluminum - Center Mount Deadbolt Lock With Keyed Cylinder**

**Item No.** GD52119

### **Features, Advantages, and Benefits**

- Used by a variety of garage door manufacturers
- Heavy duty spring bolt

- Center mount design
- Diecast construction with an aluminum finish
- 5 pin tumbler
- Mounting hardware included

**Description:** Overview This is a painted diecast inside lock with heavy-duty steel spring bolt. The key cylinder has aluminum face and 5 pin tumbler lock with cylinder ring, and will replace most locking mechanisms of this type. The spring will put the deadbolt back into place unless the knob is turned 180 degrees and then it holds it in place.
