- 6-1/4 inch mounting hole centers
- Can be mounted in vertical or horizontal positions

- Comes with 1/4-20 x 1-7/8 inch pancake carriage bolts with nuts

Description: Overview This garage door lift handle is constructed from galvanized steel. It has a 6 in. roll grip and can be used in a vertical or horizontal position. This style handle replaces most handles currently in use. The handles are to be used in tandem (1 outside the door and 1 inside the door). Make sure to measure the width of your garage door before ordering.
