

# **FHC Aluminum Finish Off-Set Right-Hand Jalousie Operator**

**Item No.** H3550

## **Features, Advantages, and Benefits**

- Right handed crank handle (viewed from inside looking out)
- Mounting holes are 3-7/8 in. and 4-3/4 in. on center
- Arm is 4 in. from middle of the guide button to the middle of the crank operator while closed

- Heavy duty diecast zinc construction with an aluminum finish
- Steel worm drive gear for durability

**Description:** Overview This is a jalousie operator in an aluminum finish and a diecast construction with an offset crank handle. It is a right-handed design with a 4 in. link arm (center to center), and it comes with a matching aluminum finish crank handle that securely fits the 5/16 in. spindle. There are two mounting holes, 4-3/4 in. or 3-7/8 in. on center for a more versatile fit.
