

FHC 3/8" Champagne (Tan) Diecast Crank Handle - Fits Pella Windows (Single Pack)

Item No. H3958

Features, Advantages, and Benefits

- Use this handle with Pella casement operators that have 3/8 in. diameter splines

- This crank handle has a 2-3/8 in. drop from the base bottom to the center of knob (see line drawing)
- Constructed of diecast material for lasting use
- The window crank features a set screw at the base of the handle allowing it to lock onto the spindle
- This Pella window crank is easy to install and used by many
- Engineered to resist rust and corrosion

Description: Overview This Pella casement operator crank handle comes in a champagne (tan) colored finish, and it features a long-reaching arm for optimal performance. It features a sleek, arching design and has a unique 3/8 inch bore that fits the Pella special deep spline spindles. This casement operator crank provides an elegant finish to Pella casement windows, and it fits other, similar-styled casement operators with 3/8 in. splines.
