

# FHC Operator Folding Crank Handle - 11/32" - White Enamel Finish - Low

**Item No.** H4316

## **Features, Advantages, and Benefits**

- Fits Truth Entrygard casement and awning operators
- Locks onto operator spindle with set screw
- Baked-on white enamel finish
- Constructed of diecast zinc
- Features jumbo sized base of shaft
- Folding crank handle will not interfere with window coverings

**Description:** Overview This folding operator crank handle is constructed of diecast zinc and comes in a baked-on white enamel finish, engineered to resist rust and corrosion. It is designed to nestle close to the operator when not in use, allowing for unobstructed use of shutters, shades and blinds of various types. This low-profile folding crank handle is for use on Truth brand casement and awning window operators with 11/32 in. spindles. The crank features a jumbo sized shaft base, a set screw at the base of the handle allowing it to lock onto the spindle, and a swivel knob at the tip for ease of operation. The reach on this crank measures 3-3/4 in. It is easy to install and favored by many.
