- Used on 11/32 in. Truth Hardware spindles only
- Non-handed for left or right handed operators

- Rust and corrosion resistant
- Diecast zinc with a baked on bronze finish
- Plastic swivel knob
- Easy to install

**Description:** Overview This is a window crank operator that is constructed from diecast metal and comes in a bronze finish. It features a solid metal handle and plastic swivel knob. Designed to fit 11/32 in. Truth Hardware spindles only with the snap on application. Can be used on either a left or right handle crank operator. Firmly set the handle in place with the included set screw to avoid stripping or slipping on the spindle.
