- 5/16 in. locking depth, 15/16 in. reach

- Counter-clockwise rotation
- Diecast cylinder with brass pins
- Spring steel locking clip

Description: Overview This mailbox lock is constructed of diecast and comes with a nickel plated face. It includes a total of 5 cams, brass pins, a spring steel locking clip, a threaded body and a nut for optional attachment. To unlock this mailbox lock, the key must rotate 90 degrees in a counter clockwise direction. This mailbox lock replaces many original manufacturer's locks, like those manufactured by American, Florence, Miami-Carey, Bommer, and Auth. 9/32" long, 1-3/32" bolt throw. Be sure to view the manufacturer's How-To Installation Video also linked to this page, in the upper left hand corner.
