

FHC Top Mount Closet Door Tandem Roller Assembly (Single Pack)

Item No. N6527

Features, Advantages, and Benefits

- Used on Harvey and a variety of other closet door manufacturers
- Top hung center mount design
- 3/4 in. diameter rounded nylon tandem rollers
- Stamped steel housing

- 5/16 in. threaded steel rod
- Mounting hardware included

Description: Overview This is a top, center mounted, adjustable, tandem roller assembly. The 3/4 in. convex edged nylon rollers are attached to a stamped steel tandem housing mounted on top of a 5/16 in. threaded steel rod. Used on Harvey closet doors 3/4 in. to 1-3/8 in. thick, it threads into a top bracket like the Prime-Line part N 6797.
