**Item No.** N6530

### **Features, Advantages, and Benefits**

- Used on Cox pocket door and a variety of other pocket door manufacturers
- Top mounted roller assembly
- 7/8 in. convex rollers
- Stamped steel construction with tandem nylon rollers

- Maximum weight load of 70 lbs
- 2-pack

**Description:** Overview This is a top mounted set of pocket door rollers. The stamped steel housing bracket holds a tandem roller design that rides in a Cox style pocket door track. It is used by Cox pocket doors as well as a variety of other manufacturers. The 7/8 in. nylon tandem rollers typically mount on a 1-3/8 in. pocket door with a maximum weight load of 70 lbs. each. There are two per package, and fasteners are included.
