

FHC 7/16" Bi-Fold Door Top Pivot - Alliance Doors

Item No. N6545

Features, Advantages, and Benefits

- Used by Alliance and a variety of bi-fold door manufacturers
- Top mount
- 3/8 in. diameter nylon base
- Clear nylon base

- No fasteners required
- Grooved cone shaped pivot

Description: Overview This is a top mount bi-fold door pivot that is typically used on Alliance bi-fold doors. The spring loaded 1/4 in. steel pin inserts into a pre-drilled hole in the door and a top bracket above, creating a pivot point for your bi-fold door. Each steel pin is self-adjusting and features a mold injected clear plastic base. No fasteners are required for installation, but a soft mallet can be used with caution.
