- Adjustable 2 piece top mounted bracket assembly
- Stamped Steel Outer Housing with a stamped steel insert and 7/8 in. convex nylon roller installed
- Handed - 1 left and 1 right in the package

- Used on panel style mirrored wardrobe doors
- Fits older style Acme and Stanley wardrobe doors

Description: Overview This is a set of handed, top mounted wardrobe door roller assemblies that have an adjustable height feature. They are left and right assemblies with 7/8 in. convex or round edged nylon rollers that hang in a track mounted above. They also work as corner brackets holding the sides and the top rail together. Used by Acme and Stanley door systems.
