- Used to repair wood bi-fold doors split at the pivot hole
- Can be used for either 3/8 in. or 7/16 in. pivot housings
- Holds the door tightly together to provide a newly repaired receptacle for the pivot pin
- 2-pack

Description: Overview This is a repair bracket for 1-1/8 in. thick wood bi-fold doors. Used when the door splits across the 3/8 in. or 7/16 in. pivot hole on the top or bottom of the bi-fold door. Made of stamped steel, it holds the door together tightly and provides a solid receptacle for the pivot to be reinstalled into.
