

## **FHC 3/8" x 3/4" White Plastic Screen Frame Corner (100-Pack)**

**Item No.** PL14274

### **Features, Advantages, and Benefits**

- Constructed of stamped aluminum and shaped to fit in aluminum screen frame material
- These corners come in a corrosion resistant, milled aluminum finish
- Designed for use with 45-degree cut fitted aluminum screen frames

- These corners provide a long lasting and durable assembly, outlasting plastic corners that are prone to sun damage over time
- Easy to install with only a few simple tools
- For further dimensional and specification information, please see the line drawing

**Description:** Overview These Make-2-Fit Screen Frame Corners are constructed of plastic and come white in color. They are designed to fit into square-cut ends of 3/8 in. aluminum screen frame material, for the repair or new construction of aluminum-framed screens. Square-cut assembly eliminates the need for miter cutting providing for an easier frame construction by the homeowner and handy person. Each plastic screen corner measures 3/8 in. x 3/4 inches. With these corners, screen frames are easy to assemble.
