- 3/4 in. x 5/16 in

- Molded plastic in white
- Eliminates the need for miter cuts
- 100-pack

Description: Overview These are 3/4 in. x 5/16 in. plastic corners used for window screen panels that are designed to fit into square-cut ends of a 5/16 in. aluminum screen frame. They are designed to repair or construct new aluminum-framed screens quickly and easily. The square-cut assembly eliminates the need for miter cutting, providing for an easier frame construction by the homeowner or do-it yourselfer. Constructed of white plastic.
