

## **FHC No-Miter Screen Frame Corner - 7/16" x 1" - White Plastic (20 Pack)**

**Item No.** PL14939

### **Features, Advantages, and Benefits**

- Constructed of plastic and comes ready for assembly
- These corners are white in color to match white aluminum screen frame painted finishes
- Designed for use with square cut fitted aluminum screen frames

- Difficult 45-degree cuts are not required with these square cut corners
- Easy to install with only a few simple tools

**Description:** Overview These Screen Frame Corners by Make-2-Fit are constructed of plastic and come white in color. They are designed to fit into square-cut ends of 7/16 in. aluminum screen frame material, for the repair or new construction of aluminum-framed screens. Square-cut assembly eliminates the need for miter cutting providing for an easier frame construction by the homeowner and handy person. Each plastic screen corner measures 7/16 in. x 1-inch. With these corners and a few simple tools, screen frames are easy to assemble.
