

FHC Single Cylinder Deadbolt In Bronze Construction - 4-1/2" - Brushed Chrome

Item No. SE15328

Features, Advantages, and Benefits

- Constructed of high strength bronze alloy, built tough to help secure entry doors against forced entry

- Components come in a beautiful, corrosion resistant, brushed chrome plated finish
- Designed with a time-tested, jimmy-proof mechanism that helps prohibit forced entry by separation of door from jamb
- Features surface mounting installation with cross-bolt locking
- Easy to install with only a few simple tools

Description: Overview These Segal Single Cylinder Deadbolt and their keepers are constructed from solid high-strength bronze alloy and they come in a brushed-chrome finish. They are constructed with a jimmy-proof design that helps to prohibit forced entry by preventing wedging and spreading of door frames. These are surface-mounted locking devices with cross-bolt locking, a product feature which also helps to resist forced entry. For use with wood and metal doors and frames. Each set includes 2 keys. This deadbolt comes complete with hardware for a quick and easy installation.
