Description: Overview This durable and precision crafted 6-in-1 tool includes pliers, wire cutter, wire stripper, sheet shear, and both Phillips and flat screwdrivers and weighs in at only 1.6 oz. The tool makes minor repairs, assemblies, installations, and hundreds of jobs an easy undertaking. The patented quick-release self-locking jaws keep this tool tightly secured to any key ring, eliminating the need for a belt holster. With a quick down turn of the legs, it's released for use. This tool comes in handy on the road and at home.
