

FHC 1" - Black - Rubber - Replacement Tips For Drop Down Door Holders (2 Pack)

Item No. U9163

Features, Advantages, and Benefits

- This door holder hardware is used to hold doors open at desired location. For use on commercial and residential applications

- Once installed, this rubber bumper offers friction to help keep your door open
- Black rubber construction
- Installation fasteners are included with this item

Description: Overview These door holder replacement tips are constructed of solid rubber and come black in color. They feature a saw-tooth profile at the bottom of each tip, designed to provide for a strong hold when in use. The narrow end that inserts into the door holder has an 11/16 inch diameter. This style of door holder tip requires installation with one fastener, also included in package contents. These tips are easy to install and are used by many in both residential and commercial applications.
