- Innovative Pressure Fit Clamp Design
- Can Be Mounted to Square Posts and Flat Mounting Substrates
- High Quality 304 Grade Stainless Steel Construction
- Designed For Interior and Exterior Applications
- Includes (2) 1/4-20 S/S Flat Head Mounting Screws

Description: Maintenance Stainless steel is a durable and corrosion-resistant material, but can still stain or rust if exposed to certain environmental conditions. Proper maintenance, including regular cleaning and protection is necessary to prevent staining and ensure the longevity of your stainless steel product. Products like FHC's BSR1 Restoration Kit and CS77P Cleaning and Passivation Spray can aid in keeping stainless steel products' factory finish. The user is responsible for maintaining stainless steel and any staining, rust or corrosion that occurs due to lack of maintenance is not the responsibility of the manufacturer.
