

FHC 90 Degree Header Corner Brackets

Item No. FHC90

Features, Advantages, and Benefits

- FHC 90 Degree Fixed Corner for Premium Header Kit
- Easy Slip Fit Design with Set Screws
- Available in 90, and 135 Degree, Fixed Angles
- Adjustable Angle Corners Also Available

Description: <h2>Overview</h2><p>FHC Internal Header Corners connect and lock headers together at various intersecting angles. The angled Corner slides easily into the top of the Header and is not visible from the bottom view of the shower application. We offer adjustable corners for irregular angles along with fixed 90° and 135° Corners for standard angles. Screws and set screws are included with each corner.</p>

<h2>Care & Cleaning Guidelines</h2><p>For best results, keep the following recommendations in mind when caring for your FHC shower door hardware. Your shower door should be dried daily with a soft towel or cloth to ensure its original finish. Do not use harsh cleaners or chemicals on the hardware, as many of the components are coated with a clear lacquer that will become damaged beyond repair. Always test your cleaning solution in an inconspicuous area prior to cleaning the entire hardware surface. Wipe surfaces clean using a soft, dampened cloth or sponge, and rinse completely with warm water immediately after applying the cleaning solution. Use only small amounts of liquid, gentle, cleaner. Never use abrasive products, sponges, or wire scrub brushes while cleaning

hardware.</p><h2>Material/Construction</h2><p>High Quality Plated Brass</p>
