

FHC Aluminum Deep Upper Channel 144" - Brite Anodized

Item No. 0D613BA

Features, Advantages, and Benefits

- High Quality Full Length Extrusion
- Available In All The Popular Industry Finishes

Description:

Overview

The **FHC Aluminum Track Extrusions** are unique yet simple economical metals that have been used in the

Industry for years. These versatile extrusions combined with other components are not only exclusive for Industrial / Commercial Window applications but also very popular in the industry to customize beautiful Sliding Glass Door Displays. This helps in keeping your cost and wait time down by avoiding the usual extensive fabrications and long ETA's.
