

SDC® 1091 Spacesaver® Electric Dead Bolt Locks with Mechanical Release

Item No. 1091AL

Features, Advantages, and Benefits

Manufactured in the USA

Security Door Controls

- .625" Diameter Solid Stainless Steel Bolt

- Free-Rotating Bolt Makes Cutting or Tampering Difficult
- SDC Solenoids Provide Years of Service Compared to Commercial Grade Solenoids
- Failsafe 12/24VDC

Description: Installation The stainless steel bolt projects at right angles to the lock mechanism, allowing installation of Spacesaver® locks, by means of a simple cutout, in virtually any standard 1.75" frame, or in most door lock stiles. With the entire lock concealed, aesthetic acceptability is complete, security is greater and installation in old or new construction is fast, easy and economical. **WARNING:** Cancer and Reproductive Harm.
