**Description:** <h2>Overview </h2><p>The WP11104DC3 Wood's Powr-Grip® P1 Channel Vacuum Lifting Frame is popular among the glazing industry. The quick attach and release times, along with a full range of load motion and long lasting battery charge make this lifter a must have for installing glass at the job site or simply handling glass inside the shop. This lifter features a 700 lb. safe work load rating and an on-board battery system for cord-free operation while its flexibility of a small footprint make it an outstanding choice for all your glass lifting requirements. With Wood™'s exclusive Intelli-Grip® Technology, productivity and safety are greatly improved. The Intelli-Grip® App allows you to monitor the lifter from a distance using your smart phone or tablet.</p> </p><p> </p>\* Always wear the correct safety gear to protect yourself. Failure to do so may cause serious operator injury.<p></p>\* Please contact us if there's any concern. </p></p><p>
