Description: <h2>Overview</h2> <p>The Wood's Low-Profile Manual Rotator/Tilter Pad Channel Vacuum Lifter has a 1100-Lb lifting capacity and features a low profile, allowing it to operate in narrow spaces. The channel design is similar to the popular P1 Lifter Series. This lifter is now available with Intelli-Grip® Technology, automatically monitoring vacuum and power systems to maximize safety and efficiency while simplifying maintenance and repairs. This unit is made to order and typically ships out direct from Laurel, MT within 4 weeks. Please call FHC Technical Sales to review and verify current ETA and or other alternatives</p> </p><p> </p>* Always wear the correct safety gear to protect yourself. Failure to do so may cause serious operator injury.<p></p>* Please contact us if there's any concern. </p></p><p>
