

# Makita® 7" Disc Sander/Polisher 110 Volt 7.9 AMP

**Item No.** DS7000C

## **Features, Advantages, and Benefits**

- Quick-Flip™ Speed Change for Compounding and Polishing
- 2-Speed Selection Button: Low (600 RPM) and Variable (600-2,000 RPM)
- Advanced Electronics Include Soft Start and Electronic Speed Control
- Refined Design For Easier Maneuverability
- Motor-Over-Pad Design for Better Balance and Control
- Externally Accessible Brushes for Greater Serviceability
- Well Balanced for Maximum Control and Comfort

**Description:** <h2>Overview</h2> <p>The Makita 7" Sander/Polisher is engineered for improved control and performance. Features a Quick-Flip™ speed change for compounding and polishing, and a 2-speed selection button for low speed (600 RPM) and variable speed (600 - 2,000 RPM). Advanced electronics include soft start for smoother start ups, and electronic speed control to maintain constant speed under load. The PV7001C weighs only 4.4 lbs. for improved control and reduced operator fatigue. Additional features include a trigger lock-on button for convenience, and a motor-over-pad design for better balance and control.</p> <h2>Safety Measures</h2> <p>Always wear the appropriate safety gear to protect yourself. Failure to do so may cause serious operator injury. Please contact us at <a href="tel:8882954531">(888) 295-4531</a> or <a href="mailto:fhc@fhc-usa.com">fhc@fhc-usa.com</a> if there's any concern.</p>
