- Non-Handed for Single and Double-Acting Doors
- Mechanical Backcheck

**Description:** OverviewThe BTS75V Series of floor-concealed door closers offer adaptability to almost any installation. The closer's compact body allows it to be used in situations where a larger closer would be restricting. The BTS75V's versatility allows installation even in thin slab concrete subfloor construction. Adjustable spring power from size 1-4 allows the necessary adjustment required for both barrier-free and non-barrier-free openings, giving ultimate installation flexibility.
