COMMERCIAL AND RESIDENTIAL PROJECTS

HOTELS | RESTAURANTS | PATIO AREAS | GYMS | MALLS | INTERIOR OFFICES | STADIUM SUITES | AND MORE

FHC is excited to introduce our newest "100% wide-open functioning" **Heavy-Duty Thermally Broken G52 Series Bottom Rolling Bi-Folding Glass Door System!** The **G52 Series** allows for taller (up to 10 feet), unobtrusive openings so views and the great outdoors can be enjoyed. In the closed position, the **G52 Series** provides a weather tight seal and resistance to the ever-changing conditions, while at the same time allowing natural light inside. There are several configuration options available to complement many architectural design styles. Our factory engineers designed the system to move smooth and effortlessly. The **G52 Series Heavy-Duty Thermally Broken Bottom Rolling Bi-Folding/Bi-Partial Glass Door System** comes with a two point locking system for ultimate security.
